TERMS OF SALE

1.Prices and Delivery

Delivery is estimated and subject to change or cancellation and price cannot be guaranteed. Our price basis prevailing at the time of shipment will govern. Buyer will be invoiced for the actual amount of material shipped at the then prevailing unit price determined by the quantity of the material ordered.

2.Taxes

Prices unless otherwise agreed in writing, are exclusive of any present or future Federal, State, Municipal or other sales or use taxes with respect to the material sold, excise taxes or any character upon or measured by the receipts from the sales or by the value of the material sold, and taxes in respect to the transportation of the material. If Seller is required by applicable law or regulation to pay or collect any such tax or taxes in respect of any transaction, then the amount thereof shall be added to and become a part of the price payable by Buyer.

3.Disclaimer of Express and Implied Warranties and Limitation of Liability

Seller warrants that the material supplied conforms to specifications and is free from defects. No other warranty is made and, in the event the material fails to conform to specifications or proves to be defective, Seller will not be liable for any loss, damage, expense or replacement of the material or its use, but will be liable only for the repair or replacement of the material or, at Seller's option, reimbursement to Buyer of the purchase price against return of the material. Any claim that material fails to conform with specification or is defective shall be deemed waived by Buyer unless made in writing within 90 days from the date of shipment of the material. SELLER MAKES NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE OR ANY OTHER IMPLIED WARRANTY OF THE MATERIAL.

4.Non-Delivery

Seller will not be liable for non-delivery of materials for any reason or for any damages suffered by Buyer by reason of such non-delivery.

5.General

Materials furnished by Seller are to be within the limits and of the sizes published by Seller and subject to standard commercial tolerance for variations unless otherwise provided hereon.

Once production or tooling has commenced. Buyer cannot alter or cancel any order without Seller's consent. For any order altered or cancelled with Seller's consent, Buyer must pay for all expenses incurred and work executed up to the time Seller has consented to such alteration and cancellation.

If any material shall be manufactured and sold by Seller to meet Buyer's particular specification or requirements and is not part of Seller's standard line offered by it to the trade generally in the usual course of Seller's business. Buyer agrees to defend, protect and save harmless Seller against all suits at law or in equity and from all damage, claims, and demands for actual or alleged infringement of any United States or foreign patent and to defend any suit or actions which may be brought against Seller for any alleged infringement because of the manufacture and sale of such material.

6.Waivers

No provision hereof and no breach of any provision shall be deemed waived by reason of any previous waiver of such provision or of any breach thereof.
